

BIAN Foundation Certification Training (Trainer-Led)

Master the Fundamentals of BIAN — With Certification

ARVEST

CommonwealthBank

TDECU[®]
YOUR CREDIT UNION

WINTRUST
BANK, N.A.^{*}

The BIAN Foundation Certification Training is a comprehensive, trainer-led programme that introduces learners to the purpose, structure, and value of BIAN's Reference Architecture. Delivered by CC&C's accredited BIAN trainers with real-world experience in applying BIAN, this course explains how BIAN delivers value to banks and the wider banking industry through standardised service domains, information concepts, and architectural patterns that support clearer solution design and enable easier change.

The programme positions BIAN alongside related industry standards, helping learners understand how it complements existing methods, taxonomies, and frameworks within their organisations.

By enrolling in this certification course, learners receive an examination voucher for the BIAN Foundation Certification exam. The certification is conducted as a virtual proctored examination and includes access to mock exam modules and the BIAN Reference Architecture Second Edition book, providing comprehensive preparation for certification success.

This trainer-led format allows for real-time Q&A, interactive exercises, and the benefit of learning from practitioners with hands-on BIAN implementation experience.

Who Is This For?

Enterprise architects, solution architects, business analysts, developers, data professionals, and anyone involved in banking architecture or BIAN adoption.

What's Included?

- Trainer-led instruction by accredited BIAN trainers
- BIAN Foundation Certification exam voucher

1 day (trainer-led, on-site or virtual)

Certification

BIAN Foundation Certification
(virtual proctored exam)

WHAT OUR CLIENTS SAY

"Our partnership with CC&C Solutions has been transformative in accelerating our digital transformation journey. Their expertise in enterprise architecture, BIAN operating model, and agile methodologies has been instrumental in helping us shift to a product-oriented organization. Through their training and consulting services, we've gained the tools and strategies needed to achieve our vision of becoming a leading credit union in the US. The team's professionalism, industry knowledge, and commitment to our success have exceeded our expectations at every step"

Ashish Chopra

Chief Information Officer, Texas Dow Employee Credit Union

"I sincerely thank the entire CC&C team for your excellent support throughout the BIAN adoption process. I truly appreciate the professionalism, responsiveness, and quality of work you've brought to this collaboration."

Domonkos Kertesz

Chief IT Architect, OTP Group

"ANZ has discovered CC&C Solutions to be an invaluable partner in our BIAN journey. Their extensive knowledge and collaborative approach have contributed significantly to our success. The guidance, training, and support they provide are essential to our successful implementation"

Arran Price

Enterprise Architect, ANZ New Zealand
