

BIAN Data Architecture Practitioner Certification Training (Trainer-Led)

Master BIAN Data Modelling and Architecture

ARVEST

CommonwealthBank

TDECU[®]
YOUR CREDIT UNION

WINTRUST
BANK, N.A.^{*}

The BIAN Data Architecture Practitioner Certification is an advanced training programme focused on applying BIAN's object model and data architecture principles in real world financial institutions.

Participants gain a strong understanding of the design principles and elements of BIAN's Reference Architecture, including how ArchiMate and UML concepts are used to model the BIAN Object Model. The course also covers practical application of BIAN modelling patterns to design aligned and interoperable banking architectures.

This course is delivered through in person and virtual training sessions, offering flexibility while maintaining a highly interactive learning experience.

Who Is This For?

- Enterprise architects
- Solution architects
- Data architects
- Business and information architects
- IT and systems architects
- Integration specialists
- Technology consultants and advisors
- Transformation and change managers
- Developers and API designers working with BIAN aligned systems
- Business analysts and functional designers
- Consultants supporting BIAN adoption

What You Will Learn

- Apply BIAN concepts and artefacts in enterprise architecture

WHAT OUR CLIENTS SAY

"Our partnership with CC&C Solutions has been transformative in accelerating our digital transformation journey. Their expertise in enterprise architecture, BIAN operating model, and agile methodologies has been instrumental in helping us shift to a product-oriented organization. Through their training and consulting services, we've gained the tools and strategies needed to achieve our vision of becoming a leading credit union in the US. The team's professionalism, industry knowledge, and commitment to our success have exceeded our expectations at every step"

Ashish Chopra

Chief Information Officer, Texas Dow Employee Credit Union

"I sincerely thank the entire CC&C team for your excellent support throughout the BIAN adoption process. I truly appreciate the professionalism, responsiveness, and quality of work you've brought to this collaboration."

Domonkos Kertesz

Chief IT Architect, OTP Group

"ANZ has discovered CC&C Solutions to be an invaluable partner in our BIAN journey. Their extensive knowledge and collaborative approach have contributed significantly to our success. The guidance, training, and support they provide are essential to our successful implementation"

Arran Price

Enterprise Architect, ANZ New Zealand
