WINTRUST
BANK, N.A.^{*}

The BIAN Architecture Foundation and Practitioner Certification is a comprehensive training programme covering both foundational and advanced application of the BIAN standard.

It is designed for professionals who want to move from understanding BIAN concepts to applying them in real world banking architecture. The course covers the BIAN framework, metamodel, and service landscape to help design interoperable and modular financial services architectures.

Delivered through in person and virtual sessions, this programme offers flexibility while maintaining a highly interactive learning experience.

Who Is This For?

- Enterprise architects
- Solution architects
- Business and information architects
- IT and systems architects
- Integration specialists
- Technology consultants and advisors
- Transformation and change managers
- Developers and API designers working with BIAN aligned systems
- Business analysts and functional designers
- Consultants supporting BIAN adoption

What You Will Learn

- Core principles and building blocks of BIAN
- How BIAN supports composable banking
- Application of BIAN across business, data, and technology layers
- Use of BIAN framework, metamodel, and service landscape
- Translate business needs into BIAN aligned architecture

- BIAN Foundation Certification exam voucher
- BIAN Practitioner Certification exam voucher

WHAT OUR CLIENTS SAY

"Our partnership with CC&C Solutions has been transformative in accelerating our digital transformation journey. Their expertise in enterprise architecture, BIAN operating model, and agile methodologies has been instrumental in helping us shift to a product-oriented organization. Through their training and consulting services, we've gained the tools and strategies needed to achieve our vision of becoming a leading credit union in the US. The team's professionalism, industry knowledge, and commitment to our success have exceeded our expectations at every step"

Ashish Chopra

Chief Information Officer, Texas Dow Employee Credit Union

"I sincerely thank the entire CC&C team for your excellent support throughout the BIAN adoption process. I truly appreciate the professionalism, responsiveness, and quality of work you've brought to this collaboration."

Domonkos Kertesz

Chief IT Architect, OTP Group

"ANZ has discovered CC&C Solutions to be an invaluable partner in our BIAN journey. Their extensive knowledge and collaborative approach have contributed significantly to our success. The guidance, training, and support they provide are essential to our successful implementation"

Arran Price

Enterprise Architect, ANZ New Zealand
