The BIAN Architecture Practitioner Certification is the next level after the BIAN Foundation Certification. It is designed for professionals who want to apply the BIAN Standard in real world banking architecture, moving beyond conceptual understanding to practical implementation.

This certification focuses on how to use the BIAN Framework, Metamodel, and Service Landscape to design and evolve interoperable and modular financial services architectures.

This course is delivered through in person and virtual training sessions, offering flexibility while maintaining a highly interactive learning experience.

Who Is This For?

- Enterprise architects
- Solution architects
- Business and information architects
- IT and systems architects
- Integration specialists
- Technology consultants and advisors in financial services
- Transformation and change managers
- Developers and API designers working with BIAN aligned systems
- Business analysts and functional designers
- Consultants supporting BIAN adoption

What You Will Learn

- Apply BIAN concepts, artefacts, and framework in real world scenarios
- Translate business needs into BIAN aligned architecture
- Use BIAN metamodel and service landscape effectively
- Design interoperable and modular banking architectures

Course Details

- Duration: 2 days
- Format: Virtual or in person
- Prerequisite: BIAN Foundation Certification required

Certification Details

- 60 questions
- 60 minutes
- Pass mark: 70%
- Closed book
- Online proctored exam
- Exam voucher valid for 1 year

Course Inclusions

- Trainer led training
- Course materials in PDF
- Practice exam
- Mock exam with answers
- BIAN Practitioner Certification exam voucher

WHAT OUR CLIENTS SAY

"Our partnership with CC&C Solutions has been transformative in accelerating our digital transformation journey. Their expertise in enterprise architecture, BIAN operating model, and agile methodologies has been instrumental in helping us shift to a product-oriented organization. Through their training and consulting services, we've gained the tools and strategies needed to achieve our vision of becoming a leading credit union in the US. The team's professionalism, industry knowledge, and commitment to our success have exceeded our expectations at every step"

Ashish Chopra

Chief Information Officer, Texas Dow Employee Credit Union

"I sincerely thank the entire CC&C team for your excellent support throughout the BIAN adoption process. I truly appreciate the professionalism, responsiveness, and quality of work you've brought to this collaboration."

Domonkos Kertesz

Chief IT Architect, OTP Group

"ANZ has discovered CC&C Solutions to be an invaluable partner in our BIAN journey. Their extensive knowledge and collaborative approach have contributed significantly to our success. The guidance, training, and support they provide are essential to our successful implementation"

Arran Price

Enterprise Architect, ANZ New Zealand
